Dear Mr.Manley:-

Yours of August 8th.was received and contents carefully noted.

I received the placards yesterday,and we have started to put them out,but we would like to know about the passes.

Shall we have them made up here? or will you send them to us would like to have them as soon as possible for some places that we are putting the placards they are asking for a pass,so will you let me know by return mail or by telegram about the passes.

Now in reference to the publicity we would rather for you to send it direct to the news papers yourself,but you can send me a write up for the papers here.

In reference to lights we have learned from the City Commissioners that the lights won't be up by the 23rd,or the 24th, so you can proceed on in reference to the portable lights.

Now in reference to the accomandation for the two teams on the 23rd,we shall contact the various, and etc.and will try and get the most reasonable rates as possible and would like to know just how many is conected with the two teams.

Hoping to get an early reply from you.

I remain respectfully yours,

Thomas R. Anderson
